

BANDARA DHOHO

"PRIDE OF KEDIRI"

Project Scope : Interior Design, Special Lighting, and Artwork
 Rooms : Terminal VVIP Building (Public/private lounge room, Meeting rooms, Ante room, Waiting area, Press room, Conference room, Immigration room, Pantry, Musholla, Corridor, & Public toilet)
 Category : New Construction
 Duration : 2020 - 2024
 Location : Kediri Regency, East Java, Indonesia

The VVIP lounge at Airport Doho in Kediri, East Java is based on the Javanese noble house concept as part of **Omah Njero** or **inner house** represent elegance and exclusivity tailored for selected travelers.

The interior design features **sophisticated** touches, incorporating **luxurious** materials and refined finishes of **local material**. This project integrates the **cultural** and **natural beauty** of **East Java and Indonesia**, offering a **unique and immersive** experience for **selected travelers** to ensure that VVIP guests enjoy both comfort and a deep connection to the **rich cultural** tapestry of Indonesia.

DHOHO AIRPORT

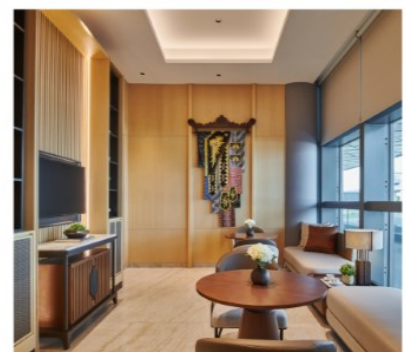

"PRIDE OF KEDIRI"

Kediri known as a city with its **beautiful nature and rich culture**. The interior design of the VVIP Terminal at Dhoho Airport is inspired by these elements. Social characteristics and economic aspects of the local community were also considered in the design.

Having several **candi sites and Joglo houses** gives ideas to our color and material approach towards candi stone, terracotta brick, woods such as Jati and Sonokeling.

We applied the cultural aspects of Kediri into the interior elements such as decorative lamp using shadow techniques which is inspired by **wayang kulit performance**, featuring silhouette of **candi Penataran**, a heritage of the Kediri Kingdom. A Brass carving that takes form of **Jaranan dance / Kuda Lumping** with a modern style and contemporary composition. Also a tapestry that combines a few motifs of **tenun Bandar Kediri** into a certain composition.
