

ALLUREA

ASTHARA SKYFRONT CITY SHOW UNIT

The ground floor of Allurea Show Unit at Asthara Skyfront City is designed with a compact open-plan layout that seamlessly connects the living, dining, and kitchen areas. A sofa faces a long TV feature wall that extends to the study area, while the dining table sits neatly behind the sofa, complemented by a practical compact kitchen. Next to it, a wooden wall cleverly conceals the staircase and features a hidden door to the powder room, maintaining a clean and streamlined look. This thoughtful design maximizes functionality while keeping the space modern, organized, and inviting.

ALLUREA

ASHTARA SKYFRONT CITY

The Allurea Show Unit at Asthara Skyfront City presents a modern and elegant master bedroom design that combines comfort with sophistication. The space features a sleek bed framed by textured wall panels with warm backlighting, creating a refined focal point. Natural stone finishes, wood accents, and lighting enhance the room's ambiance, while floor-to-ceiling curtains soften natural light. An open wardrobe system with integrated lighting adds functionality with a boutique feel, complemented by a marble-topped vanity and round mirror that reflect both style and practicality. Thoughtful details, from accent furniture to curated decor, make this show unit a refined showcase of contemporary living.

The kid's bedroom combines playful design with smart functionality, featuring a custom bunk bed with an attached wardrobe and a study table. Circular shapes in a mirror finish, echoed in the pendant lamp, bring a fun and dynamic character to the space, enhancing its cheerful ambiance. A balanced palette of grey and yellow adds vibrancy while maintaining a modern and cohesive look, making the room an inviting environment where children can sleep, study, and play with ease.
